Ask about adding a pygmy goat!

The **Bees, Bunnies & Bantams Program™**, is a unique farm education program created by local farmer, speaker and children's storybook author Nicole Zaagman. This program is perfect for groups of 25 or less participants. EnJOY learning about the benefits of local honey and beekeeping basics. Gently pet a holland lop rabbit and learn about bunny nutrition and care.

Get up close and hands-on with two bantam chickens and learn about poultry care and eggs. During each visit, Nicole shares fun agricultural information about her agritourism operation, called Parkside Farm. A memorable experience for all ages, participants are welcome to take pictures and engage with an interactive Q & A.
